SEEK TO GET \$500,000 STORE OF WHISKEY

LIQUOR LAWS ARE SCORED BY LEWIS

Eighteenth Amendment and
Volstead Laws too New
Is Complaint.

(By the Associated Press)

CHICAGO, June 25.—A new attack on the present construction of the eighteenth amendment and the Volstead law was filed today in the United States District Court by former United States Senator J. Hamilton Lewis, to recover whiskey valued at \$500,000 stored in Chicago warehouses.

The plaintiffs are distillers and merchant owners of bonded whiskey, while the government, United States revenue collectors, prohibition agents, Attorney General Brundage and the United States attorney are made defendants.

The new assault does not attack the amendment or the Volstead law as invalid but places the claim that no provision of either measure will apply to whiskey deposited in government warehouses by the direction of the government either measure was passed, where the owner deposited the liquor on contract to have them returned when the government tax was paid.

The principal new point raised is the claim of the complainants that the provisions of the constitution against manufacturers refers to that manufactured before and not after the passage of the amendment; that the provision of the amendment against the use of liquor for beverages refers to the selling of spirits allowed by law to be used for medicinal, mechanical, and industrial purposes and the Volstead law provision applies only to those attempting to use as beverages the liquor permitted to manufacturers for medicinal, mechanical and industrial purposes.

The complainants, who state that they have no desire to use the goods for beverage purposes, asked a mandatory injunction compelling the collectors to order the government warehouses to deliver the property to the holders of certificates and enjoining the national and state officers from interfering after they have taken possession.

Lewis said they had no desire to have the prohibition laws invalidated but merely applied, as a means of confiscation of property.

Ada to Mix With Purcell on Home Field Tomorrow

Tomorrow's game between Ada and Purcell will be one of the best to be played on the local field this season, according to those interested in the teams. The Purcell club defeated Ada last Sunday by a score of 5 to 3 on the Purcell field. When the visitors come to Ada tomorrow the locals are planning to give them a go for their money.

It is reported that a special train will come from Purcell to carry the team and more than 200 rooters. This will make the attendance at the game tomorrow much larger and more local fans are urged to witness the contest. Ada will have a complete line-up of her regular team and the boys have been making a good showing in practice work outs, manager Sparks reports. The game will start at 3:30.

Only Two Ministers Listed in Congress by Late Directory

WASHINGTON, D. C., June 25.—Two ministers in the Congress of the United States, as shown by the Congressional Directory just issued. Bachelors are almost, but not quite, as few as ministers. Civil War and World War soldiers are fairly numerous, but not to the extent expected, according to political gossip, following the end of the recent war. There are twenty-four editors, three doctors, and one proud father of two sets of twins listed among the membership.

TOWN IS "BORROWED" TO MAKE PHOTOPLAY

To make "The Face at Your Window" the big dramatic spectacle and special production which is coming to the American theatre on Monday, William Fox borrowed the town of Bonton, N. J., from the mayor and council.

Bonton is a typical American manufacturing community, thirty miles from New York. Its thriving factories and busy streets made it an ideal location for the thrilling scenes of riot and pillage that "The Face at Your Window" called for.

POLICE INDICTED IN RIOT CHARGES

Tulsa Chief and Others May
be Removed from Their
Jobs at Once.

(By the Associated Press)

TULSA, June 25.—Chief of Police Gustafson of the Tulsa police department and other members of the department were indicted today by the grand jury in connection with the race riots and on charges of permitting vice. Other indictments were returned against Bay Ward, head of the police automobile recovery department, Roy Meacham, traffic officer, B. P. Waddell, chief of police of Sand Springs, a suburb and F. E. Williams, Sand Springs policeman.

The jury in reporting to District Judge Biddison recommended that the indicted be immediately suspended from office.

Many members of the Tulsa police force are implicated in an automobile theft case. Charges against Gustafson included failure to enforce the law against vice in rooming houses, failure to enforce the prohibition laws, failure to enforce the anti gun-carrying law, and dereliction of duty on the night of the riot.

Police Commissioner J. M. Adkinson refused to announce what course he would take on the suspension of officers until he had received a formal report from the grand jury.

Attorney General Freeling, who conducted the investigation, said to the court that he could not concur fully with the report for it should have included accusations against other officials.

Bury Local Veteran and Hero of World War in Ada Sunday

Funeral services for Ernest Broughton, an ex-service lad from this city, will be held tomorrow afternoon at the home of the boy's parents, Mr. and Mrs. L. F. Broughton of this city. He died on June 20 at Prescott, Ariz., after suffering for many months with tuberculosis, which, it is reported, was contracted while on duty in France.

Broughton was 22 years of age and served during the world war with the U. S. forces in France. He spent 147 days on the front line and his war record was of the best. He was given an honorable discharge after the signing of the armistice. Funeral services will be held at the home and interment will take place in Rosedale.

Hotel Men Want Law Enacted to Punish Defraud

(By the Associated Press.)
CHICAGO, June 25.—A nationwide campaign for a law making false registration at a hotel an offense punishable by imprisonment and a fine will be launched during the meeting of 12,000 hotel men at the American hotel association convention here July 11 to 16 it was announced today.

J. Blatchford, secretary treasurer, said that the association also hopes to have bills passed in every state to prevent a man registering under a false name at a hotel with a woman not his wife.

Marland Will Build Two Million Dollar Oil Export Station

(By the Associated Press.)
NEW ORLEANS, June 25.—The Marland Refining company of Ponca City, Oklahoma, has purchased a site and will build a two million dollar oil export terminal and tank field 21 miles above New Orleans, it was announced today. The company will make the local port the chief outlet for its Oklahoma refinery, the announcement said.

Company Debates Depart
PONCA CITY, June 25.—"No announcement whatever of the plans of the Marland company in connection with New Orleans was made" was the statement this morning of Edwin W. Marland, when asked regarding the report that he would build an oil terminal at New Orleans.

"We have bought 200 acres of land east of the river there, in the same locality as other refineries are located, and I suppose that at New Orleans they just jumped at conclusions."

KING GEORGE AND QUEEN MARY OF ENGLAND

These photos of King George and Queen Mary of England are said to be the best taken in recent months. The one of the king is interesting because of his democratic collar. The one of the queen is striking because of her queenly appearance.

FIXING STREETS ALMOST ASSURED

Property Owners Liberal
in Offers to Build the
Graveling Fund.

The success of the new plan for graveling the streets is almost assured. W. S. Smith, street commissioner, stated today. Before taking any definite steps on the matter, Mr. Smith visited a number of the property owners and asked their opinion on the matter and about what amount each would pay for the work.

He was met with approving property owners at every turn, all of whom were more than pleased to do anything in their power to help put it over, he stated. Some offered to put up as much as \$125 and the lowest offered by any one was \$10. No man refused and he is of the opinion that if more property owners had been called on the result would have been the same.

A meeting will be held one night next week for the purpose of getting a body of property owners together. It is reported that definite steps will be taken at this time, probably a committee appointed, and pledges for the necessary money made. As soon as these preliminary matters are dispensed with, the machinery will be purchased and put to work, he said.

EXPRESS CO. WILL CARRY DONATIONS FREE

The American Railway Express Company will transport free money and supplies for relief purposes addressed to the mayor of Pueblo, Colorado, American Red Cross or other recognized authorized relief associations at Pueblo and at other devastated towns in that vicinity.

"Our Ada force will take pleasure in rendering any assistance possible in marking and packing for those desiring to make donations," said Louis George, agent, today.

"This is an opportunity for the people of Ada to perform a real Christian duty. Such donations will be a God-send to the poor unfortunate who lost their all in the flood stricken districts of Colorado."

Phone 4 is the place to get service in job work or advertising. Don't overlook your opportunities.

11 SENTENCED IN MAIL LOOT CASE

Federal Grand Jury Finds
all But Two Guilty
of Robbery.

(By the Associated Press)

TOLEDO, June 25.—Eleven of the thirteen defendants in the Toledo \$1,000,000 post office robbery were convicted by a federal grand jury in Judge John Killit's court this morning.

Charles Furrier and John J. Ewps were the only ones not found guilty. Those convicted were:

Joseph Urbaytis, George Lewis, A. Rogers, Charles Scholtz, James Sansone Carl Sommers, Emma Marvin, Wanda Urbaytis, Walter Foote, Edwin Zellich Harry Thrush, and Helen Furrier. Sentences in these cases will be deferred until trials in other indictments now pending or completed some time between August 1 and 15.

General Hi Cost Gathering Up Broken Forces

After many months of hard struggling for supremacy, old General Hi Cost is gradually retreating under the heavy attacks of the common public, according to latest reports received from the battle fields of human endurance. His forces are losing in power and slowly, step by step, are making an orderly retreat, losing ground all along the line.

This report is verified by leading retail merchants who state that the cost of living has been reduced from 25 per cent in some lines to 65 per cent in others. The right wing of old General Hi Cost's army, clothing and dry goods prices, have in many cases made hasty retreats to second, third and in some instances fourth line trenches. Heaviest losses have been suffered in the work clothing and silk shirt regiments.

Starting with a slow decline at first and then going from jump to jump downward, the work clothing regiment has now only about 50 per cent of its original power. Although it is now strongly entrenched against further attacks, forces of the common public are optimistic about their chances of pushing this division further back.

Work clothing that cost five dollars a year ago is now selling at two and one half.

Silk Line Shattered
One of the most humiliating defeats of the army of General Hi Cost has suffered is that of his silk shirt regiment. This regiment, once the pride of his army, is now looking upon with contempt by the stronger and more fortunate branches of the Hi Cost army. When the silk shirt brigade marched by

on its way to the battlefield, with gaudy, rich folds flowing gayly to the winds of high prices, all the army looked to it with pride and a swelling of hearts. It was on the forces that they depended most to crush those who loved the costly silks of a shirt. But now, the once gay array of silk shirts, has been steadily forced back, first to the second line trench of 10 per cent reduction, and from that to the third, fourth and now it is more than half cut into, with \$15 shirts selling for \$6 and \$7.

Dress clothing has not suffered such heavy losses as this regiment was more fortunate in choosing a line, the great desire of man for good clothing. However as their brother regiments were forced to retreat, they too have been beaten back, but with no such heavy losses and with more order. Only one third of their power has been taken away.

Ladies ready-to-wear has suffered a like reduction. The field selected by this regiment was indeed weak. Woman's love for pretty clothes is not to be denied and but for the folly of the regiment, it would now have been a victor over its opponents. Not being satisfied with steady victories at the start, the pretty clothes regiment made such rapid advances that reinforcements of shortage in material and other well known allies of old Hi Cost's cause were not able to keep up with them. Thus when the tide of the battle turned in favor of the common public army, the pretty dress regiment was not prepared for the counter attack, suffering during the past year about one third reduction. Their first advance was so great,

however, that the one third mortality still leaves them well in the enemy territory, when compared with other articles.

Another Wing Broken
While old General Hi Cost de Living is lamenting his heavy losses on the right wing, his subordinates the grafter, profiteer and others are frantically calling his attention to much heavier losses on the left wing. In fact the reductions all along this line have been so great that old General Hi Cost has been forced to move his field headquarters further back, until he is now greatly crippled and in a good way to suffer defeat at the hands of the common public's strongest regiments—more production and greater economy, local merchants say.

One regiment in Hi Cost's left wing that has bent his fat head to shame is the sugar retirement. After waxing fat with extremely high prices for many months, making steady advances every day, it has been hurled back far from the battle line and is now beaten and broken, being kept from utter destruction only by the aid of other regiments in this sector. The 100 pounds of sugar that cost \$25 one year ago can now be bought for the reasonable sum of \$8, according to grocers.

The flour, coffee, lard and bread regiments have suffered reductions from 35 to 30 per cent in the last year. Canned goods have not been so unfortunate, and after a fast and successful campaign in rapid advancement of prices, it has held together by a general reduction of 15 per cent. The meat regiment is the next successful, having suffered only a 20 per cent reduction.

GOMPERS CHOICE FOR LABOR HEAD

Veteran Federation Chief Is
Winner Over Lewis by
Heavy Vote.

(By the Associated Press)

DENVER, June 25.—Samuel Gompers was re-elected president of the American Federation of Labor today.

The veteran American labor leader defeated John L. Lewis, president of the United Mine Workers, by a heavy majority.

Only two of the larger organizations cast a solid vote for Lewis the machinist's union and the united brotherhood of carpenters.

The mine delegation split its vote, giving Gompers 1596 and Lewis 2132. President Lewis declining to vote the 533 votes he held.

The railroad organizations which had been claimed almost solidly by Lewis supporters split its votes, the two largest unions, the electrical workers and the railroad car men, casting their entire vote to Gompers.

The official vote was Gompers 25,022; Lewis 12,324.

The announcement of Mr. Gompers re-election was greeted by cheers and applause which lasted several minutes. The demonstration however, failed to sweep the convention floor as scores of delegates remained silent in their seats.

"I am sure that my re-election brings no pleasure to Gary or to Hearst," said President Gompers, in response to cries from the delegates for "speech."

"This is a demonstration to the whole world," he added, "that a chain of newspapers owned by a multi millionaire, with his eight million horse power mud slinging machine, cannot control the American Federation of Labor."

Step-mother Says She Slew Youth Who Struck Her

(By the Associated Press)

CARLINVILLE, Ill., June 25.—Holding her 14 months old baby in her arms in the Macoupin county jail, Mrs. Katherine Harmon confessed today that she killed Roy Harmon, her 19 year old stepson last Sunday morning. She said she killed the youth with an axe and threw the body in a well, where it was found Friday by a neighbor picking blackberries.

Mrs. Harmon said her stepson assaulted her while drunk Saturday night. Continuing the quarrel Sunday morning in the kitchen of their home at Greenridge, she said she struck him three times with an axe.

Flood Danger Now Believed Passed in Eastern Oklahoma

(By the Associated Press)

MUSKOGEE, June 25.—With the rivers in this vicinity falling as rapidly as they rose the belief was expressed today that danger of a flood has disappeared, unless heavy rains are resumed.

The Grand river which threatened a flood at Fort Gibson yesterday, reached a stage of 19 feet today or four feet beneath the flood stage. The stream is falling this morning. In the last 24 hours Muskogee reports 1-2 inches of rain, the local weather station reports.

Immense Rock Salt Deposit Unearthed in West Oklahoma

(By the Associated Press)

OKLAHOMA CITY, June 25.—A vast deposit of rock salt, believed to be one of the largest in the world, has been discovered in western Oklahoma, according to a bulletin of the federal trade information service just received here. The deposit is said to extend from the Kansas line into Texas, a large part of the bed being in Oklahoma.

The bulletin says the salt covers an area of approximately 100,000 square miles and is only half a mile below the surface of the ground. The strip varies from 50 to 150 miles in width. The thickness of the bed is not known, but one hole showed a deposit 700 feet thick while many others have revealed 300 feet in the strata.

The total deposit, the bulletin says, is estimated at 30,000,000 tons enough to supply the United States for untold centuries.

"SECOND MILE" IS SUBJECT TONIGHT

Dawson Outlines Rules of
Christianity Game in
Friday's Sermon.

(By the Associated Press)

"Going the Second Mile," will be the subject used by Dr. J. M. Dawson, revivalist, in his sermon at the Baptist church tonight, according to an announcement this morning.

Weather opened up somewhat last night and crowds again filled the church auditorium for the meeting. In his sermon Friday night, Dr. Dawson compared all living with a game controlled by rules. Criticism awaits the human player on every hand, he said. "If we wish to play a solemn, serious game in the church there are those who criticize. Or if we make it a religion of jokes, smiles and sunshine, there are other critics who object to seeing levity in the House of God."

"If we are to play the game we must know it," the speaker declared in opening his message. "No lawyer, or doctor, or even carpenter of your city would think of undertaking to engage in his profession without first having made a long study of the principles which it involves. No more should a Christian undertake to run the race for Christ without knowing what is required of him in that game. He is certain to be daunted by discouragement and drop out if he does," he said.

Continuing, Dr. Dawson advised those who would try the game of Christianity "to get into the game." "We cannot know a game and get the full benefit from it by watching from the sidelines or the grandstand. We must play it ourselves; play it with others; and play it according to the rules of that game. One of the grandest things in the world, I am convinced, is human co-operation for the success of a desired end," he asserted.

Rules of the game, as outlined by the speaker are the casting off of impediments and running with patience. R. O. Allen, who is conducting the revival singing, rendered the solo "The Rugged Cross."

High School Band In First Public Concert Tonight

A public concert will be given at Twelfth and Broadway this evening beginning at 7 o'clock by the Ada High school band. Practice for public concerts this summer has been going on regularly for some time and the boys are eager to make a public appearance, the director said today.

Concerts were held at the Twelfth street park last summer. It is reported that a band stand will be constructed as soon as possible at Glenwood park for the boys. This will give them an opportunity to give public concerts during the summer, it is said.

W. S. Smith, commissioner in charge of the park, announced yesterday that he would have the band stand built soon.

Low Cotton Price Not Worry to This Farmer, He Says

There is one farmer in the county who is not greatly worried by the low price of cotton, according to facts concerning his farm work just submitted by the county agent. The farmer is E. C. Jeter who lives 10 miles south of the city.

In January of last year Mr. Jeter bought two heifers, paying \$50 for the two. Today he has 52 head of cattle on his farm, 22 of which are giving milk. He has added to his herd as fast as he could, feeding them with food stuffs raised last year. Mr. Jeter has been supporting his family of eight since last April on the cream products from the 22-milk cows.

Each week he ships out on an average of 20 gallons of cream direct to the produce man for which he receives cash. Thus he is able to cash a nice check every trip he makes to town always has an ample supply of money. He has not borrowed a cent since he began the cream business, but instead he has made his living and been able to make a crop also.

He has several hogs which he is fattening on "skimmed milk." Chickens are also plentiful on his farm and other food resources are installed. He uses modern machinery in his work. This is one example of where a farmer is making good under depressing conditions, the county agent stated today.

GOLD STILL POURING INTO AMERICA

A Gibraltar of yellow metal has accumulated in the United States. The value of gold coin stored in America on June 1 was \$3,175,037,198, and every day the pile is growing larger. It is the most colossal accretion of record, and is \$53,149,755 higher than the previous maximum altitude, that of May 1, 1917.

Since the first of this year the nations of the four corners of the earth have shipped more than \$300,000,000 of gold to this country. The rate of importation of gold has been in excess of \$60,000,000 a month, or practically \$2,000,000 a day. Europe has contributed, so far this year, \$210,000,000 to our monetary gold supply; North America, \$29,000,000; South America, \$11,000,000; Asia \$40,000,000. From Australia, Africa and islands of the Pacific ocean \$8,000,000 has been received. The totals are swelling as the eyes read these figures.

There is a mystery to this torrent of gold which is puzzling to the wisest and most experienced financiers. What will be the results in the world's commerce? Will benefit accrue to the business of the United States, or will disaster be the consequence?

Massing of gold generally is indicative of accelerating prosperity and rising prices. Increases of prices generally lead to inflation of credit. As the present gold store mounts higher, however, prices are declining and the prevailing depression is becoming more intense. The accumulation of gold is characteristic of every period of reaction and liquidation, and to the extent that reserves are augmenting there is nothing peculiar to the movement. The exceptional feature is that America is drawing the precious metal from all lands in the world.

America cannot keep this mountain of gold. If it did, there would be such an inflation of credit and such a great rise in prices that the worst commercial and financial cataclysm imaginable would ensue. Business would be wrecked for years. So, we must infer that this immense stock of gold will be one of the vital factors in restoring universal prosperity, and a large portion of it will glow out to all parts of the earth.

The process of liquidation is lowering prices in the United States. Exportation of gold will raise prices in other lands. The general equalization will enable the resumption of international trade, for there will be a common level on which trade among the nations can be conducted.

FEDERATION'S OPPORTUNITY

Indications are that the American Federation of Labor will continue in office Samuel Gompers, who has led the workers for so many years. The fight that is being made on him comes from the so-called progressive element, which is another way of saying the radical element. Efforts to boycott British goods failed. Efforts to endorse popular declaration of war failed. The federation did foolishly endorse government operation of railroads.

We desire to see the federation take some action in reference to the 44-hour week. Anything less than a 48-hour week in ninety-nine out of one hundred industries is unsound from every point of view. No man should be content to work less than eight hours a day for six days in the week. To do less is unnatural, and will result in demoralization of the individual and eventually society. Out of twenty-four hours, a person should sleep eight, should work eight, and certainly eight are enough for him to read, visit and devote to the welfare of others.

The American Federation of Labor will do much to gain the favor of the American people if it will condemn unequivocally all attempts to establish a working week of less than 48 hours.

GOOD ROADS SENTIMENT

The willingness with which citizens of the city donated money to mark the Cotton Belt highway through this section of the county is but an evidence of the good roads sentiment that is present here. It is evident now to any clear thinking man that good roads are essential, and the only thing that is in question is the method of getting these roads. We may differ in our belief as to the best road material, and we may differ as to the best method of raising funds for doing the work. We are a unit on the need of good roads and the necessity of putting up money to get them.

Suppose, for example, we had good roads out of Ada in every direction. In a day one could be summering in the Ozarks. In a day he could be trading in Dallas. In a half hour he could be wading in the cool waters of Byrd's Mill. In an hour he could be fishing in any stream in this county. In less than two hours he could be swimming in Blue. In less than two hours, any farmer in the county with a car could reach Ada to sell his produce and buy supplies.

The need for good roads is realized. The necessity of using money to build them is realized. The two unsettled questions of how best to raise the money and the cheapest way of constructing the roads will be solved before a great while, we believe, and roads will follow.

BODY WOULD HAVE EXTRA MILL LEVY

Rural Conference Favors Amendment for Added Board Power.

Resolutions thanking the McBrien party and others in charge for their valuable work in conducting the Rural Education Conference which was held at East Central Normal this week and incorporating a plea on the part of the faculty and students of the Normal for consolidated schools and a county unit system of school administration were drafted by a committee yesterday as the conference came to a close.

Faculty, students and citizens of the East Central District further went on record asking the governor to call an election for the purpose of adopting an amendment to the state constitution, authorizing school boards to levy 15 mills for school purposes without an extra election and raising the limit which may be voted by the people from 15 to 25 mills.

The State Board of Education was highly commended in the resolutions for its efforts to improve the standard of teaching.

Following is a copy of the resolutions adopted:

Resolutions.
"We, the students of the East Central State Normal school, the citizens of the East Central District, the faculty, and the student body in summer session assembled, desire to express our appreciation of the splendid and timely work being done by Professor J. L. McBrien and his corps of specialists in rural education for the very helpful conferences conducted at Ada this time. We feel that many progressive ideas and helpful suggestions were given us. We heartily commend every effort that has for its aim the advancement of the cause of education, and pledge our co-operation in furthering the same in our state.

"We appreciate the forceful and helpful stand of our state superintendent, the Honorable R. H. Wilson, in all educational affairs, and especially his keen insight into, and sympathy with rural conditions. We wish to say, further, that we value very highly his visit to this conference, for we realize that his contributions to the program have been exceedingly important, and his suggestions of the highest value to the cause of education.

"We wish further to express our heartfelt appreciation to President Linscheid for the very efficient manner in which he has handled these conferences, and for the able, democratic, and successful way in which he is promoting the educational interests of the East Central District, and especially the manner in which he is conducting the East Central normal.

"We wish, further, to go on record as follows:

"Where feasible, we heartily approve and urge consolidation of rural schools to the end that the boys and the girls may have equal educational opportunities. We shall not feel satisfied with conditions until Lincoln's ideal, 'An unfettered state and a fair chance in the race of life for every boy and girl' is realized.

"We wish, further, to go on record as favoring the county unit system of school administration.

"We heartily approve and commend our State Board of Education and our state superintendent in all their efforts to improve the standard of teaching, and we realize that the National Citizenship Conferences in Rural Education are a potent factor in promoting better teaching and better schools.

"Finally, we desire to voice our sentiments in the following resolution:

"Whereas, the rural and city schools throughout the state are not functioning as efficiently as they should because of the lack of funds, and

"Whereas, the last legislature did pass a better school resolution authorizing the calling of an election for the purpose of adopting an amendment to the constitution, authorizing school boards to levy fifteen mills for school purposes without an extra election; and raising the limit which may be voted by the people from fifteen to twenty-five mills; and

"Whereas, it is in the hands of the governor to call this election. Therefore, Be It Resolved, that we earnestly urge the governor to call this election sometime between the first of August and the first Tuesday in November of this year, and

"Be It Further Resolved, that we pledge our undivided support, for this issue, believing that it is the salvation for the schools of the state, and believing that it will raise our standing from the thirty-sixth place to a higher standing in the states of the Union.

"Respectfully submitted,

H. G. FAUST,

H. P. BUTCHER,

A. D. HERRIN,

MISS REED LOVING WATT,

Committee.

Comments given below do not of necessity reflect the opinion of the News. In fact, oftentimes the opinion expressed is directly opposite to that held by the News. The opinions are given, however, because this is a newspaper.

The Same Fourth
Tulsa Tribune: President Harding is one of the advocates of a safe and sane Fourth of July, and has so expressed himself in a letter written to the head of a Baltimore committee preparing for such a day in that city.

The object of the Baltimore celebration is "to inculcate the principles of the Declaration of Independence and to conserve life and limb from the reckless and ignorant use of fireworks." This sounds a good note for celebrations generally.

In many places the non-explosive Fourth is now compulsory, but in many others the unrestricted sale and use of firearms and explosive toys still goes on. Where this is true the casualties of the day will roll up as usual.

The better man makes the great national holiday a civic and patriotic occasion in which, if fireworks are used at all, it is merely to close the ceremonies with a public display, carefully safeguarded to prevent accident to the onlookers.

Such a celebration is especially appropriate this year, for the world is struggling as never before to free itself of the obsession of arms, of which the explosive toy is the sign and symbol.

"Happy Thinking"

Corn Exchange National Bank Bulletin: Everybody's friend, Bobbie Burns, who sang long ago, in a far-away land, songs that belong to all ages and all lands, has never been classed a leading spirit in either prohibition or thrift campaign. And yet this wonderfully human poet once wrote something worthy of recall in these days of much loud talk, bitter criticism, ceaseless and senseless striving after new pleasures, new excitements. After a most comprehensive evening with convivial companions, Burns made the suggestive observation, "perhaps I'd have been happier, after all, at home, happy thinking." Suppose, as we add to daylight hours with our daylight saving acts,

we let a little of the new sunshine find its way into our hearts. A little of the new light dissipate the mental darkness which encompasses so many. In these days of reaction, moral, mental, physical. Why not slow down a bit? Why not see if right at our hand, and without money and without price, we cannot find a happiness that energizes rather than enervates? Who knows, perhaps with Bobbie Burns, we can learn the charm of "Home and Happy Thinking."

Yes; and perhaps we might learn something more—a new joy in life, and a new outlook on life—one which counted the blessings still in hand, instead of mourning over the fancied blessings which have escaped our grasp. On an old tombstone in the cemetery of Inverness, Scotland, are these words—"I was well, I wanted to be better, here I am."

We had a lot of "cost plus profits"; we wanted to be better or richer; we sold to people who had nothing to pay the bill with; now here we are. Isn't that the whole story? We said, in our rashness, three times two is nine—we believed it; but the other fellow didn't! And now we must come back to the dear old multiplication table and real business.

But just think of all we have left! One hundred and ten million people have seldom, in the world's history, deliberately committed suicide! Very seldom has a nation with a thousand million bushels of foodstuffs on hand and facing an enormous new crop suffered starvation! No people possessing the high level of intelligence of the United States of today ever discarded the substance of liberty under law, for the shadow of license under socialism.

We have men, we have money, we have vast undeveloped resources we have courage and capacity; home love, honor love, nation love—what in the name of all that is same and sure, is the matter with us all? Let us echo the call of our soldier boys when facing the enemy overseas—"Let's go." Go to work not play. Recently a leading captain of industry, who had outgrown his old habit of industry, said: "I

love golf, it makes me feel fit." "Fit for what?" asked his companion. "Fit for more golf." Let's play hard—but play to get the strength for more work and not play. Let us think—think hard, think sanely, but above all let each man—leader or led—employer or employee—think hopefully, think happily.

Today the lure of the wood's low rustle; tomorrow, the invitation of the meadow's kindly page; next week, the babble of the brook; and then, the tonic of the unresisting sea. Let each bring its new gift of new strength and a new love of life;

but let the life it makes us love be a life of action not of dreams, of doing, not of saying, of work, not of waste.

In The Oil Fields

The Gillette well, in section 36-6, is reported running a 5-inch at a depth of 2500 feet.

The Pontotoc Petroleum Trust reports that the well on the Hatcher farm in section 14-5, three-fourths of a mile south of the discovery well of the Carter-Lowry-LaSalle syndicate will be spudded in Sunday afternoon. A rotary rig is to be used, and those in Ada who wish to see one at work are invited to be present. The actual spudding in will probably take place some time in the afternoon, about 3 or 4 o'clock.

Those who want to get to the well should turn in at the gate on the Hatcher farm and they can then easily find their way. The hole is to be drilled at the south end of the orchard.

\$6,000 BOND ISSUE IS VOTED FOR ALLEN SCHOOL

A proposition to issue \$6,000 school bonds carried in the district election at Allen this week, according to word received in Ada Saturday. Money was borrowed from the three banks of Allen last spring to carry on schools when funds were exhausted and the new bond issue was to take care of that indebtedness which reached \$2,700. The remainder of the new bond issue will be used to improve the Lincoln school.

Roosevelt's Glasses

Ex-President Roosevelt was awkward and stupid as a boy until he suddenly discovered that he could not see as well as other boys.

He tells us that glasses changed his career. Most backward children have defective eyesight. No boy or girl can do well in school who cannot see distinctly. With correctly fitted glasses nine out of every ten improve immediately in school work.

Success in school promises success in later life. Have your child's eyes examined at the first indication of trouble.

Your eyes are safe in our hands.
Why experiment?
COON

IN SOCIETY

Butler Gray, formerly of this city but now of Hominy, Okla., was in Ada visiting.

Mr. and Mrs. Gilbert Jenkins are in the city visiting friends after a short stay in Paysville this week.

Miss Maud Donovan left yesterday afternoon for her home in Chandler where she will spend the week-end with her parents. She is attending the Normal here this summer.

Mr. and Mrs. W. D. Kitchens and baby are here for a visit with Mr. Kitchens' brother, Gary Kitchens and family. They will spend a few days here before returning to their home in Mineola, Texas.

Miss Beatrice Walker is spending the week-end with friends in Tupelo.

Mr. and Mrs. T. F. Williams of near Holdenville were in the city yesterday afternoon shopping and looking after business matters.

Mr. and Mrs. R. E. Harris returned to their home in Tulsa yesterday after spending the week here with Mrs. Harris' parents, Mr. and Mrs. T. L. Overly.

Mrs. T. W. Riggins nee Miss Alma Mount, returns to her home in Okmulgee this afternoon after spending a few days in the city visiting her mother, Mrs. S. H. Mount, and other relatives and friends.

Miss Geneva Braly has just returned from Norman where she attended a house party. She also visited her sister, Mrs. S. E. Bradley in Oklahoma City for a day and night.

Entertain Former Instructor.

Members of the alumni of the Sam Houston State Normal at Huntsville, Texas, residing in Ada were hosts to their former instructor, Dr. H. T. Estill, now president of the school at a luncheon given in his honor at Mrs. Land's at noon Friday. There were 26 people seated at the luncheon.

After dinner, addresses and reminiscences covering 30 years and more proved very interesting and entertaining to all present. Good humor prevailed throughout the luncheon and those present were wont to linger over the delightful discussions.

Those who were honor guests at the luncheon were Dr. H. T. Estill, Dr. and Mrs. A. Linscheid, Supt. and Mrs. J. E. Hickman and Dr. L. D. Borden of Austin, Texas. Other guests were Mr. and Mrs. Ed Hunter, Judge and Mrs. T. P. Holt, Mr. and Mrs. Frank Meaders, Mr. and Mrs. R. A. Herndon, Judge and Mrs. John McKeel, Dr. and Mrs. Sam McKeel, Mr. and Mrs. William Johnson, Dr. and Mrs. F. R. Laird, Mr. and Mrs. W. K. Chaney, Mrs. B. A. Mason and Mr. and Mrs. Tom Hope.

NEW DINING ROOM IS POPULAR PLACE TODAY

The Home Dining Room on Twelfth street, one door east of the postoffice, is now open. More than one hundred guests were served luncheon today, and they give it the highest praise. The owners, Mr. and Mrs. Edmiston, came to Ada from Hollis, as they wanted to get in a larger city with its larger opportunities.

TWO HELD FOR PLOT TO DYNAMITE BANK

(By the Associated Press.)
SAN FRANCISCO, June 25.—Two men were arrested here today charged with a conspiracy to blow up the new federal reserve bank building under construction here. They were accused by the police of offering George K. Steele a sum of money to put dynamite in the boilers of the building.

World Roundup Soon (By the Associated Press.)
CHICAGO, June 25.—The world championship round-up will be staged in Grant Park here from July 15 to 24 according to an announcement made today. Broncho riding, steer roping and other events will carry cash prizes of nearly \$25,000 and championship medals or belts.

Want Union Futural Band (By the Associated Press.)
CHICAGO, June 25.—An Italian funeral was stopped today for 45 minutes by men claiming to be union officials who objected to a non-union band in procession. A union band was substituted.

Frank Jones arrived in the city today to attend the funeral of his mother, Mrs. Lucinda Jones, who died Wednesday of this week. He will return to his home in Kenefick Okla., after the funeral services are held.

Mrs. A. D. McBeth left today for Oklahoma City where she will make her future home. Her husband is in the city finishing business matters and will follow her next week.

The Saddler grocery on East Main street has an attractive window display. Comparative prices of today and a year ago showing the decrease in the price of groceries, is the object of the display.

Pat Grigsby, who for the last week has been working at various points in the state for the Shaffer Oil Co., arrived in the city last night to spend the week-end with his family and to look after business matters.

Miss Vera Holton was in the city between trains yesterday afternoon from Roff. During the time she spent in the city she visited friends and did some shopping.

Chas. D. Dodson, one of the good natured farmers of the Vannos community, was in the city today. Charlie says he has watermelons, cantaloupes and a bunch of other good things out there and they will be ready in a few weeks. He sold his cotton early, got a fair price for it, and says he has seen no signs of weevils thus far.

A crew of men was put to work on the Katy crossing again today to repair the bad places in the crossing caused by the recent rains. The damages were small and were easily repaired.

NEW FEATURES ADDED TO ELKS' MINSTREL

New features are being added daily to the musical minstrel to be given by the local Elks, June 29 and 30, according to announcement Saturday by Harry Ennis, director.

Latest on the bill is the "Kum-ill-en-oh-ey," from the heart of Africa. These wild people, according to the director of the show, were recently captured from the jungles. The show will be one of the most elaborate of its kind ever produced here, it is promised, and will not be "an old time minstrel with a few end men cracking jokes and a few hurry songs. But every number is novel to the extreme and is rehearsed until it is an individual hit."

The first part will open with catchy songs by the entire company. The scene is laid in a New York cabaret and four end men acting as waiters feature the act. The second part will see pretty girls flashing across the stage with pretty costumes. At the opening, actors are seated on the sand and at the close will form themselves into a living stage-coach. The Indian maids in their war dance and the Hawaiian in costume are features. The cast for the minstrel includes between 50 and 60 local persons, selected from the best musical talent and dramatic talent of the city, according to Mr. Ennis.

"Samanthy," is coming to town and here is the notice received by the editor this morning:

Dear Sir: I send by your paper that that feller Harry Ennis is going to give a show or a menagerie or celebrashun or somethin for the elks club uv Ada, at the Normal auditorium on Wednesday and Thursday, 29th and 30th of June. Which is called by its wright name "Night O' Laughs" and he says its a hum-dinger. Now what does he mean by that? He seems to blow his own Horn some. But then Jake Tar's Creeks oldest gal Liz (That's the one what's got the huppin cough from our hiredman) sed that its better to blow your own horn than your nose especially in company. I was cumin to see you saturday but the two dozen chickens I had to sell, when I went to count them wuz only 11. Mrs. West herboards who lives across the creek, says she bet the hawks cant em, but my boy tom (that the one with the glass eye and a hick in the step) went to town last nite and he herd J. T. Roff the man who owns the Armour packing co. say he wuz going to have chicken fur dinner saturday.

So think mabe he knos somethin uv the pulets I do hate to mention names, but if J. T. cums around our chicken cup eny more you please tell me if J. T. Gowing and N. B. Stall are going to be some of the reals acting men? They do say them men cut up worse than our bay colt Barney, an Mister News please tell that feller Harry Ennis to look out fer them fellows Claude Pitt and Jim Stotts, cause I seed e malkin' to Armour Roff an you no about the pulets. Be they going to hev a parade an sell popcorn an peanuts? Cause some one sed they thot Harry Ennis wuz nutty. Well I am president of the Willer Creek Suffer Sucty, and they sed to tell every one in Ada that our Klub wuz cumin to the real actin show, the last show I seed wuz a magic lantern by a crank and it showed the shadder uv picture on a bed sheet. But Tom sed yourn wuz a real actin show, an the fifty folks that wuz in it sed some real cute things that made folks laf, en' they sung real singin en don lots ov funny things. So I'm comin' to the show, I'll get Tom to hitch the bay colts to the spring wagon an if we don't have a good time, well:

Yours in spitefully,
SAMANTHY SIMPKINS

NAVAL COMMITTEE NOT TO PUSH SIMS' PROBE

(By the Associated Press)

WASHINGTON, June 25.—Acting chairman Poindester of the Senate Naval Committee said today that in view of the reprimand administered to Rear Admiral Sims by Secretary Denby, the senate naval committee probably would not conduct an independent investigation into the London speech of the admiral.

An inquiry by the committee was proposed in a resolution by Senator Harrison, democrat, of Missouri, adopted recently.

Senator Poindester said that the committee would probably bring up a report advising the senate that the investigation had been made and disposed of by the navy department and that the "proper action has been taken."

ROAD COMMITTEE TO CONTINUE WORK MONDAY

The committee working on the \$1500 to be raised for marking the Cotton Belt Highway reports satisfactory progress. Little work was done this morning, as the crowds in the city were so numerous that all business people were busy.

The committee will continue working Monday until the necessary amount has been contributed. Thus far, the committee reports that every one seems to be well pleased with the outlook and wants to have a part in marking the road.

Presbyterian.
"Miracle Money" is the title of a wonderful motion picture to be shown by the Senior Christian Endeavor at the First Presbyterian Church Sunday evening at 8 o'clock. Everyone is urged to see this picture.

Church and Sunday School

Christian Church.
Services at the usual hours Sunday. All services begin promptly and close on time. The pastor will be in the pulpit both morning and evening.

Morning sermon: "Ye are the Salt of the Earth."
Evening sermon: "Christ's Friends."

Two of the important classes in our Bible school are the classes for the young ladies and the young men. To these classes we invite all young people. The teachers will be glad to meet the young people attending the summer school.

There will be a splendid meeting of the young people at the Christian Endeavor meeting Sunday evening. A good leader and a good lesson and plenty of enthusiasm are assured.

The men's Bible Class will meet as usual at the American theater. A special attraction is put on each Sunday morning. The class meets at 9:30. Be there.

H. M. WOODS, Pastor.

First Presbyterian Church
Sunday, June 26, 1921
9:45 a. m.—Sabbath School.
11:00 a. m.—Sermon by Rev. W. W. Alverson of Osceola, Neb.
7:00 p. m.—Christian Endeavor.
At this time the Rev. Alverson will lead the devotional and at 7:45 the Endeavor picture machine will throw on the screen, "Miracle Money."

Dr. Patterson says that Mr. Alverson is an excellent sermonizer. You are cordially invited to all services.

Christian Science
Christian Science services at 11 a. m. at 111 North Broadway. Subject: Christian Science. Golden text: Malachi 4:2. Unto you that fear my name shall the Sun of righteousness arise with healing in his wings.
All are cordially invited to attend the services.

Methodist Church
The pastor's subject Sunday morning will be "Not Yours, But You." This subject will be of special interest to all the Methodists and their friends.
Sunday School meets at 9:30 a. m. Epworth League service at 7 p. m. Evening worship, 8 p. m. Sermon by the pastor. Special music at both services.
The ordinance of baptism will be administered to infants and to all others who may desire it.
A hearty welcome to all.
R. C. Taylor, Pastor.

Men's Bible Class
The Men's Bible Class of the First Baptist church will meet at the McSwain Theater at 9:30 tomorrow morning. Mr. Allen will be present and will conduct the music and Dr. Dawson will speak. This will take the place of a men's

meeting in the afternoon and we are anxious to have a large number of men present. Dr. Dawson will speak on the subject, "A Message to the Men of Ada." Let us have the theater packed with men at 9:30 to hear this message. Dr. Dawson teaches one of the largest men's classes in the state of Texas, in the great First Church of Waco. It has in its membership some of the leading business and professional men of that city, and this class is playing a leading part in the moral life of the city.

Let's greet him tomorrow with one of the largest bodies of men to which he has ever spoken. And remember to be on time as he will begin speaking there promptly at 9:45 after a song service beginning at 9:30.

L. A. Ellison, Teacher.
J. T. Braly, Secretary.

First Baptist Church
Sunday School will open promptly at our church at 9:45. Mr. J. A. Ridding is the general superintendent and will be in charge. We had 501 present last Sunday and Durant had 475. We have not heard from McAlister. Let's go far beyond what we had last Sunday and get up in the neighborhood of 600.

The classes will assemble for a short time and at 10:20 all departments with the exception of the Beginners and Primaries will re-assemble in the main auditorium at which time Dr. Dawson will speak to the school. Let teachers and officers and all others pray that this may be one of the greatest services ever held in our church.

At the morning hour Dr. Dawson will preach. We are expecting to have the building packed at this hour. The service will begin promptly at 11 o'clock.
At 3:30 in the afternoon there will be a mass meeting at the church for women and girls at which time Mrs. Dawson will speak. This meeting will be for all women and girls in Ada regardless of church affiliations. Let all mothers come and bring their daughters. Let all the Normal College girls come. Mrs. Dawson is one of the best woman speakers in the Southern Baptist Convention and has a message that every woman and girl ought to hear.
At 5 o'clock the ordinance of baptism will be administered to those who are awaiting baptism, and any others who may decide between this time and 5 o'clock tomorrow afternoon. This service will be held in the basement of the church.

The Junior B. Y. P. U. will meet at 7 o'clock with Mr. and Mrs. A. H. Davis in charge.

The Intermediate B. Y. P. U. will meet at 7 o'clock with Mr. and Mrs. C. A. Bell in charge.

The Senior B. Y. P. U. will meet at 7 o'clock Miss Opal Little is president. A splendid program has been arranged and all the members are urged to be present and visitors are cordially invited.

The prayer meeting will be held at 7:30. It is important that a large number be present and spend thirty minutes in prayer to God for the salvation of those whose names appear on the prayer lists. These lists now contain more than two hundred names.

At the evening hour Dr. Dawson will speak again. If the weather is good, service will be on the church lawn. We extend a cordial invitation to all the people to be present with us. We pray that a number of people may be saved at this service. Dr. Dawson will bring us a great message and no one can afford to miss it.

Let us make tomorrow one of the greatest days ever known in the history of our city. God grant that it may be so.
Clyde Calhoun Morris, Pastor.

PANS GOLD NEAR HEART OF CITY OF LOS ANGELES

(By the Associated Press)
LOS ANGELES, June 25.—Gold is being panned daily but a few miles from the center of the City of Los Angeles and near the heart of the north residential district. Guy V. Rollins, chief engineer for a rock and gravel company, which operates in the Arroyo Seco, has installed a system of crude sluice boxes and each day "pans" out a quantity of the precious metal that nets him \$20 weekly.

The gold dust is found in the gravel that is dug from the bed of the Arroyo Seco and for years has been left with the crushed gravel to be used in road construction. Rollins discovered the "pay streak" when he entered the company's employ several months ago and has been panning it since then.

MRS. PELTERS WILL GO TO SAINT LOUIS SOON

Mrs. Jacob Pelters announced this morning that she expected to sell her business, the Pelters Fashion Shop, on West Main street, and leave soon for Saint Louis where she will join her husband who is in a hospital there. Mrs. Pelters has been a resident of Ada for several years and has built up a good business here. She lives at 202 East Twelfth street.

Why keep that automobile day after day expecting a buyer to come along? For one, days interest on your investment, you can buy a "for sale" ad in the News and turn the car at once.

KATY AGENT VISITS HERE ON BUSINESS FOR ROAD

L. B. Chipley, assistant industrial agent for the M. K. & T. railway company was in the city from Dallas yesterday and today looking after business matters concerning the industrial business of the company here.

While in the city, Mr. Chipley paid a visit to O. N. Walker, secretary of the Chamber of Commerce and while there stated that the two wholesale houses would be built on the Katy right of way as soon as arrangements could be made. He said that his company had sent the lease contracts to the Griffith Wholesale house and the Hale-Halsel house for signing.

DRESSMAKER MADE WELL

Followed a Neighbor's Advice and Took Lydia E. Pinkham's Vegetable Compound

Vernon, Tex.—"For three years I suffered untold agony each month with pains in my sides. I found only temporary relief in doctor's medicine or anything else I took until my husband saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results and advised me to try it. I was then in bed part of the time and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. M. STEPHENS, 1103 N. Commerce St., Vernon, Texas.

Dressmakers when overworked are prone to such ailments and should profit by Mrs. Stephens' experience.

Write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman and held in strict confidence.

GETTING READY FOR
TRADE DAY JULY 11

The merchants of Ada are lining up behind the Trade Day to be held here on July 11, according to those working on the project. Secretary J. E. Williams of the Association said that every member is to be behind the move and will do his best to make it a great day in the commercial life of Ada. So far as he knows, not a member of the association will refuse to take part in the advertising and boosting.

"This is the beginning of a regular campaign to get more business in Ada," said Mr. Williams this morning. "Heretofore trade has been going to other towns simply because we did not take enough pains to show the citizens of outlying districts the advantages of trading here where they have access to giant stocks of goods. We are going after that trade now and will get it."

"Shawnee is coming down this way and even getting into Ada trade territory. We like Shawnee, but we do not like her well enough to sit idly by and see her gobble up the trade that we ought to have. Other towns are trying to make inroads on our trade territory. We have the stores, the goods, the prices and all we need do is to let the world know it in strong enough terms as to convince every one of these facts."

Notice Presbyterians

The members of the Presbyterian congregation are urgently requested to be at the 11:00 o'clock service Sunday morning. The building committee wishes to show you a picture of the proposed new church building as to how it will appear when completed. We also wish to exhibit the floor plans, showing the class rooms, auditorium, seating arrangements, etc. 6-25-11*

Weather Forecasts

West Gulf States: Occasional showers and temperature about normal.

MASS CREDIT FOR
CARRYING COTTON

Hoover Tells Committee of Steps to Provide Farm Export Plan.

(By the Associated Press.)
WASHINGTON, June 25.—Efforts are being made by the administration to mobilize banking credit for carrying over surplus of the country's cotton and sugar. Secretary Hoover said today before the senate committee. The object is to "prevent the liquidation of these commodities," he said, "and the plan under consideration is identical with that which is being carried out in the cattle industry."

The committee asked the secretary to give his views on the Morris bill to create a \$100,000,000 government farm exports corporation. He told the committee that he did not favor the measure.

"I do not want to appear to depreciate any proposition intended to assist the agricultural industry," said Mr. Hoover, "because the situation today which has reduced the purchasing power of the American farmer 67 per cent put him to the most serious stress agriculture has ever faced. The situation is most acute and dangerous in the cotton and the present moment yet I cannot feel that the extension of further credit facilities for the supplying of farm products to Europe will give an adequate remedy."

While 60,000,000 Europeans are still "under food restraint, rationing, or similar systems" Mr. Hoover said, "Poland, Austria and in a minor degree Czechoslovakia were the only countries where a diminished food supply might result from a failure of credit."

European harvests are generally good, he said, and might be sufficient to meet the needs but in the case of the 30,000,000 who are involved he added that Europe had "found how to take a billion dollars in food from the United States in the last eleven and a half months."

MINERS TO CONFER ON
ENDING COAL STRIKE

(By the Associated Press.)
LONDON, June 25.—Both the striking coal miners and coal operators have accepted an invitation extended today by Premier Lloyd George to confer with him at the board of trade Monday with the view of ending the coal strike, which has been in progress almost three months.

Dr. Warner, D. O., the eyesight specialist, will visit Ada every third week; office with Peoples Drug store, 219 East Main street. Have your eyes examined and proper glasses fitted. No extra charge for residence calls. Phone 662 for appointments and date of next visit. 6-22-1mo.

"I tell you the News want ada certainly bring results," is a statement made every day to the advertising department. Are you getting your share of these results?

FOR TORPID LIVER

Tennessee Lumberman Talks of His Successful Use of Black-Draught for Colds and Headaches.

Jamestown, Tenn.—"I have used Theodor's Black-Draught for years, in fact it is the only liver medicine that does me any good," says Mr. L. A. Ragan, a well-known lumberman of this place. "When I was single, I used it for headaches, and especially if I got a cold and feel feverish, I take a good dose of Black-Draught, and it sets me right."

"Since I have been married, I have used it in my family, and never have found its equal for torpid liver or disarranged stomach, indigestion, etc. Unless relief is obtained, serious sickness may result. In its long and successful use, Theodor's Black-Draught has been found in thousands of cases to relieve such disorders, by stimulating the liver to do its important work. Ask for Theodor's Black-Draught, and insist on the genuine. NC-137"

The Place to Go.
Look for One, Two, Three, South Broadway and you will find. The nicest place of its kind. Their fruits are delicious, their candies are fine. Their home-made ice cream is most sublime.

FLOYD WRITES ANNUAL LETTER TO DISTRICTS

The annual letter of instructions which will be mailed out soon to all public school boards in the county is being compiled today by A. Floyd, county superintendent, and will go out to 58 schools about the first of the week, according to Mr. Floyd.

Ada, which is an independent school district, is the only one in Pontotoc county which will not get a copy of the superintendent's letter.

Annual school board meetings all over the county are scheduled to be held the second Tuesday in July in accordance with the year's schedule. At this time, estimates of expenses for next year will be discussed and mills voted for the maintenance of school districts.

Expenses for rural and other schools of the county are not expected to run higher than they were this year, is the opinion held by the county superintendent. By close figuring and the elimination everywhere of unnecessary expense, the annual budget for this year was cut to the limit and wages and cost of improvements for next year are not expected to run higher. Just what instructions the superintendent's annual letter will carry to boards relative to the management of schools next year has not been announced.

MRS. JOHN M'ATEER DIES IN KENTUCKY

A message was received here this morning from Louisville, Kentucky, stating that Mrs. John M'Atteer, mother of Mrs. J. M. Wintersmith, died last night.

Mrs. M'Atteer left here last Sunday with Mrs. Wintersmith and another daughter, Mrs. C. R. Long, apparently in good health. She had not been home more than about two days when death came.

The deceased has been in Ada many times and is well known here. While here she was at the home of Mrs. Wintersmith at 101 East Seventeenth Street.

McBrien Party Off to Durant to Hold Second Rural Meet

After enjoying a short but what was voted a successful conference here, the McBrien party left last night for Durant where they will spend next week conferring with rural teachers on the problems and questions of rural community life. The closing program last night consisted of a picture program and lecture by Prof. C. E. Rarick and other members of the party.

Numbers of the afternoon session Friday were attended by good crowds in spite of conflicting events. After enjoying the noon luncheon and the after luncheon discussions, the party adjourned to the auditorium to complete regular work.

Members of the school faculty and student body expressed themselves as being greatly pleased with the conference. It is believed to have been not only timely but of especial benefit for the Ada Normal on account of the great percentage of the teachers who are going out in the rural communities next year, school authorities said.

RIE & DORMAN STOCK CO. OPENS MONDAY NIGHT

The Rie and Dorman Stock company will make its initial appearance in this city Monday night coming here from Breckenridge, Texas. The doors will open at 7:15 p. m. and the curtain will rise at 8:15 o'clock. A four act comedy drama "Keep to the Right" will be presented Monday night.

Vaudeville will be presented between acts. The repertoire is composed of an all star cast headed by the winsome little Texas favorite, Irene Renfro. Included in the cast is "Bob Hardaway" and a dozen others.

Clyde W. Cass, business manager of the company, declares that the company has played to capacity houses everywhere it has been in Texas.

The company will be here all next week and there is special scenic equipment for each play. Advance notices declare that the company offers "a grand mixture of lively comedy and drama, the vaudeville, beautiful ladies, classy music, gorgeous gowns, elaborate scenery, wonderful stage effects and funny comedians." The company carries its own orchestra from opera to jazz.

TOTAL ECLIPSE FELT IN LIVE STOCK TRACE

(By the Associated Press)

ST. LOUIS, June 25.—Total collapse in the livestock industry was depicted by speakers in the convention of the National Live Stock Exchange here last night. Edwin Frank Bisbee, general manager of the national stock yards, at East St. Louis, Illinois, A. Powell, editor of the Live Stock Reporter and Wirt Wright an East St. Louis banker, told of idle pastures and empty stock pens in the industry.

The movement of feeding stock from western ranches to farms has virtually ceased, the speakers said. An almost complete paralysis of sheep and cattle raising has resulted in inferior material brought to market with no feeders available to absorb the national dissemination back to the farm, the speaker added.

Obituary

Charley Parker died at his home on June 13, 1921, at the age of 41 years. He leaves a widow and six small children and three sisters. He was born June 11, 1880, in Grayson county, Texas. For the past few years he has made Ada his home.

Funeral services for Mrs. Lucinda Jones, wife of Tabby Jones, will be held this afternoon at 4:30 at the home of her daughter, Mrs. Coleman Lee, of 213 North Stockton avenue. The services were postponed on account of the failure of a son, Frank Jones of Kenefic, Okla., to arrive. Rev. C. C. Morris, pastor of the First Baptist church, will have charge of the services. Interment will take place in Rose-dale.

The daughter of Mr. and Mrs. R. R. Walker died at the family home in Lawrence Friday morning. Funeral services were held at the home this afternoon and burial took place in the Lawrence cemetery.

A Miracle of a FROCK!

—and she made it for \$10 less than the least she thought it would take!

A CREATION! of flowing lines and lovely fabrics—of chic touches that speak eloquently of "Paris"—a triumph that could have originated only in some famous style-creator's studio! And yet, actually, it is the product of the envied wearer's OWN hands! Every stitch in it was taken by her fingers—made magically deft by

THE DELTOR

The Marvelous New Picture-Guide That Saves 50c to \$10

FIRST of all, this wonderful new invention shows you how to use, as an expert cutter would, every inch of fabric to best advantage. Not for one size or one width, but for every size and every suitable width, insuring that every piece of the pattern should run the right way of the weave—and in every instance, making the garment cost you 50c to \$10 less.

THEN—sleeves, collars slip magically into place. The fussing of other times gives place to speedy, certain assembling of a garment whose fit, when completed, is a joy to see. This, through the next part of the Deltor—practically a "motion picture" that shows you, simply and completely, every step in putting the garment together that an expert would take.

AND FINALLY—a little deft touch here, a Parisian bit of cleverness there—a perfection achieved through the Deltor's "finishing instructions" that makes whatever you are sewing—evening gown, sport suit, or child's little dress—seem the unmistakable product of PARIS!

We have a wonderful showing of splendid Fabrics for making all kinds of Summer Clothes:

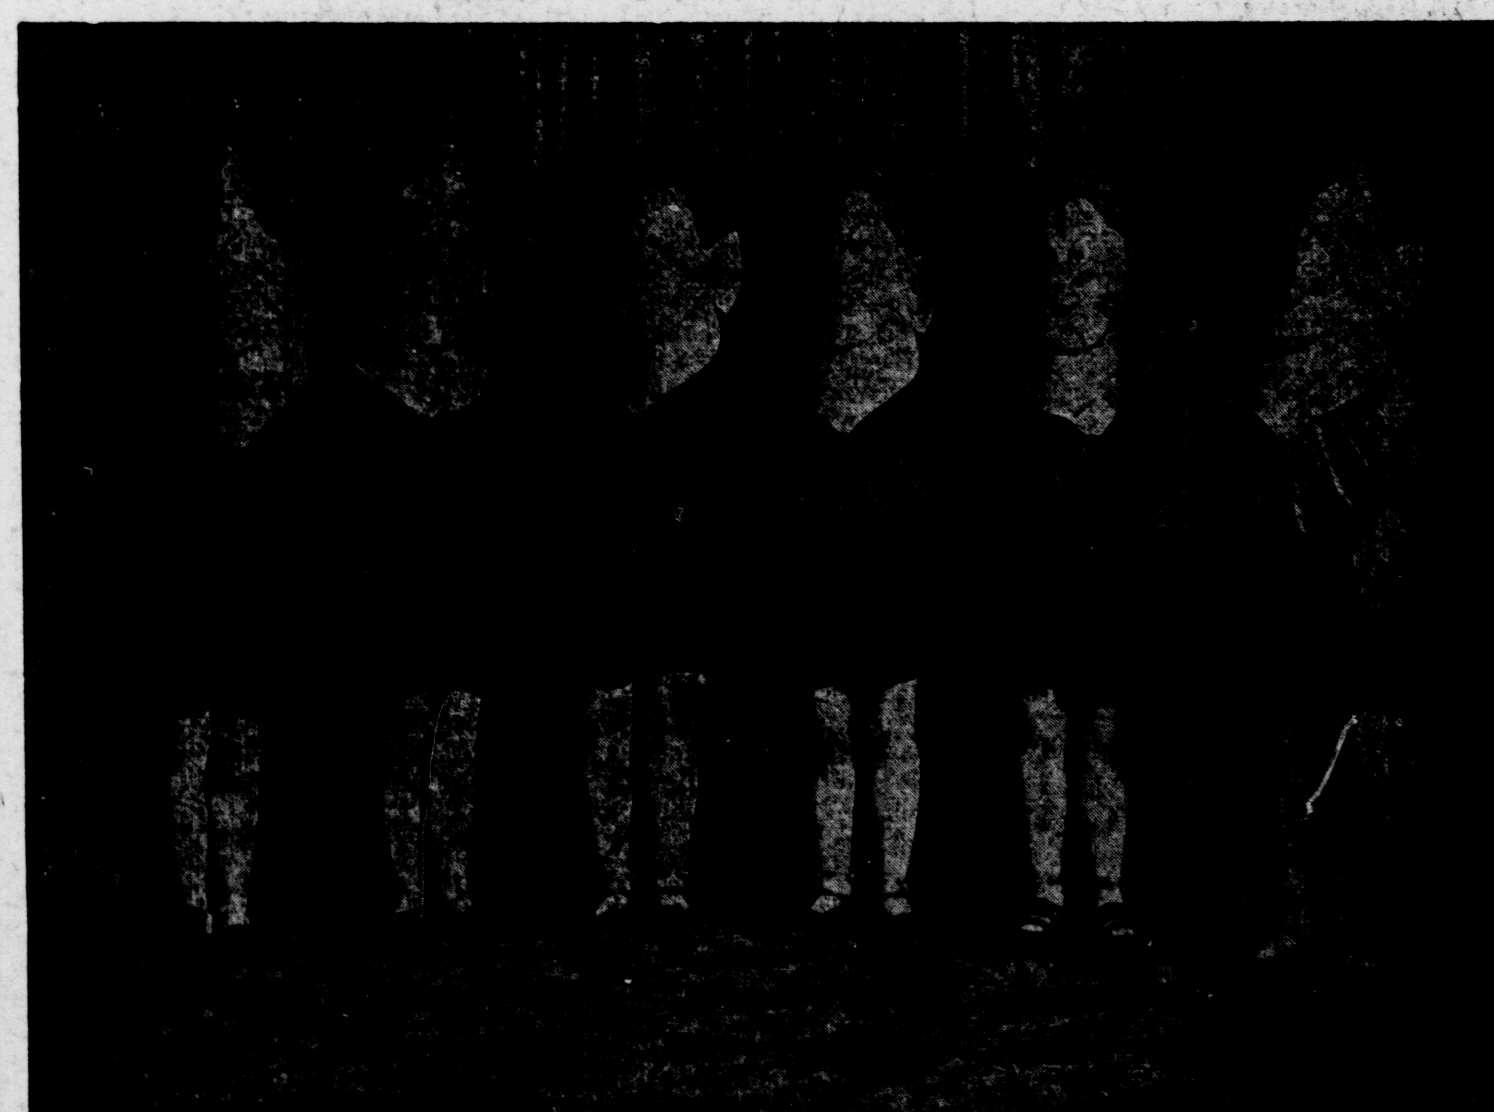

WOOLENS

COTTONS

SILKS
